

Application No.: 10/708,970Applicant: Karl PengPage 6 of 6**REMARKS**

Claim 1-41 are now pending in the application. Amendments have been made to the claims to overcome the objections to the claims under 35 U.S.C. 121.

- I. Claims 1-6, 9-11, and 35-41 drawn to a dual flush system, classified in class 004, subclass 325.
- II. Claims 15-16, draw to a flusher, classified in class 004, subclass 405.

Applicant has canceled claims 15 and 16. Claims 1-5, and 9-10 have added the status identifier "(previously presented)". Claim 6 and claim 11 have added the status identifier "(currently amended)". Claims 35-41 have added the status identifier "(new)". All the claims are on dedicated sheets.

Claims 1-6, 9-11, and 35-41 are readable on the elected embodiment shown in FIG. 1A and the components associated with embodiment 1A showing in FIGs. 1B, 1C, 1E, 1F, 1G, 1J, 1L, 1N, 2, 3B, 4A, 4B, 4C, and 4E.
